

LOQBOX

“Acquired’s system has enabled us to open up more flexible solutions for our users. Our business is built on a foundation of customer success and so the Acquired solution is a perfect fit for our culture and aspiration. The team at Acquired smoothed out what could have been a difficult process and the results have been excellent.”

Tom Eyre - CEO and Co-founder LOQBOX

LOQBOX partners with Acquired.com to help customers build their Credit Score.

LOQBOX, a ground-breaking financial inclusion FinTech that helps UK consumers build a credit history, is the latest customer to choose Acquired.com’s payment solutions. Their ecosystem is designed to help customers build or restore their credit history, virtually cost free, by implementing Acquired.com’s API, LOQBOX has access to deeper data quality and advanced payment rails, enabling them to offer more ways for their customers to deposit funds. The new payment solution will help LOQBOX understand their customers' payment behaviour better, enabling new insight driven, value-added products and services.
